

AirLiner™

wireless slate

Teach from anywhere

Teach from the front of the room, the back of the class or by a student's side – without losing the learning benefits of interacting with digital lessons.

With the AirLiner slate, you and your students can interact wirelessly with your SMART Board™ interactive whiteboard from up to 54 ft. (16 m) away. Use the battery-free tethered pen to switch between pen, mouse and eraser functions to control any software application, write notes or highlight information.

Interaction for all students

Powered by SMART Board software, the AirLiner wireless slate is a lightweight tool that you can carry with you as you teach. Write out a math problem using the wireless slate, and then hand it to a student to fill in the answer. Use multiple slates for group seat work such as question and answer sessions. The slate supports simultaneous interaction, so multiple students using slates and the SMART Board interactive whiteboard can write notes at the same time.

No matter what your teaching style, you and your students get all the benefits of interacting with lessons, websites and computer programs.

You have a lot of students to teach and plenty of topics to cover. Make it easier to give interactive and motivating lessons with the AirLiner wireless slate.

Interactivity with no strings attached

- ✓ Control software applications and highlight information from anywhere in the classroom
- ✓ Save your notes and other work to a single file using award-winning SMART Board software
- ✓ Get your students involved – several students can interact at the same time

Features

Dimensions

Active area
6" H x 8" W (15.24 cm x 20.32 cm)
Size
10" W x 11" H x 1" D (25.4 cm x 27.94 cm x 2.54 cm)
Weight
2 lb. (0.91 kg)

SMART Board Software

Notebook software's take-home privileges make it easy for teachers to work from anywhere they choose.

- Create, manage and teach lessons with Notebook software
 - Use a keyword search to find thousands of free learning objects in the Gallery including images, backgrounds, Adobe® Flash®, video and audio content. And add your own content.
 - Access country-specific lesson activities, curriculum standards and classroom resources from within the Gallery
 - Attach a hyperlink to an object to link to webpages, whiteboard pages in the file, attachments or documents on the computer
 - Include superscript and subscript to your text, or add scientific symbols and notation
 - Rotate, move, flip, and resize objects, including notes and screen captures
 - Use Dual Page Display to view two pages simultaneously. You can draw, take notes and attach files or link to objects and websites on either page.
 - Share content on the network without an administrator's installation
 - Reveal all hidden links on a Notebook page with the View All Links function
 - Make objects transparent
 - Organize pages in the Page Sorter
 - Drag objects between pages and from other applications
 - Save files in various formats (e.g., PDF, HTML)
 - Save pages as separate image files (e.g., JPEG, PNG, GIF)
 - Share files across platforms (e.g., Windows® operating systems, Mac OS operating system software, Linux® operating systems)
 - Move toolbars to the bottom of the screen
 - Choose drawing tools for connectors, dotted lines, pen styles and more
 - Import and export Microsoft® PowerPoint® files
- Convert handwriting to text
- Reveal information with the Screen Shade or Spotlight
- Write over moving or paused video
- Use LinQ™ software with your wired or wireless network for quick connections between devices. Use your laptop to project onto and control the interactive whiteboard (and vice versa).
- Access common applications from the Start Center
- Record all screen activity as a video, and include audio from a microphone
- Customize the Floating Tools palette
- Input text with the On-Screen Keyboard
- Write and save notes in many third-party applications*
- Write over PowerPoint slides, Word and Excel® files, and save your notes in these files
- Write and save into Paint, CorelDRAW® and AutoCAD® software and conferencing applications such as SMART's Bridgit™ software
- Choose from 35+ languages**

*Windows operating systems only

**As of November 2006

SMART Board interactive whiteboard integration – Interact with your SMART Board interactive whiteboard from anywhere in the classroom.

Simultaneous interaction – A SMART Board interactive whiteboard user can write at the same time as one or more AirLiner wireless slate users.

Battery-free tethered pen – Ensures no downtime and needs no maintenance.

Battery-free wireless mouse – A hassle-free way to navigate through your digital information.

Bluetooth adapter – Class 2 adapter has an expected range of 54 ft. (16 m) and a maximum range of 164 ft. (50 m) in free space.

Underlay – Easily toggle between Notebook software functions from your AirLiner slate.

6" x 8" (15 cm x 20 cm) electromagnetic surface – The electromagnetic screen lets you rest your hand on the screen for easier use. And the active area matches the size of any screen for accurate contact.

Programmable buttons – Customize the buttons on both the slate and the pen to access your favorite functions.

Rechargeable lithium-polymer battery – Charge time of 6 hours, battery life of 30 hours.

Saving ability – Save all your work to a single file that works with, or is compatible with, both Windows and Macintosh operating systems. Notes and graphics are saved as objects that you can manipulate and organize or write and save notes directly into popular Microsoft Office applications.

System requirements Windows operating systems

Pentium® II 450 MHz processor • 128 MB of RAM (256 MB recommended) • 136 MB of free hard disk space for minimum installation (511 MB for full installation with Gallery collections) • Windows NT® 4.0 (SP6), Windows 98 operating system or later • Microsoft Internet Explorer 6.0 or later • Macromedia Flash player version 8

System requirements Mac OS operating system software

700 MHz processor (1 GHz or faster recommended) • 128 MB of RAM (256 MB recommended) • Mac OS X versions 10.3.9 and 10.4 • 148 MB of free hard disk space for minimum installation (423 MB for full installation with SMART Essentials for Educators: Gallery Collections for Notebook software) • SMART Board software version 9.5 supports Intel® processors (Universal Binary) • Safari 1.3.2 or later • Macromedia Flash player version 8

System requirements Linux operating systems

Pentium II 450 MHz processor • 128 MB of RAM (256 MB recommended) • 185 MB of free hard disk space for minimum installation (460 MB for full installation with Gallery Collections) • Linux® kernel version 2.6 or later (2.6.13 or later to use DT770 hardware) • X Window system version 11 release 6 (X11R6) or higher that supports XRENDER and Xinerama • glibc 2.3.3 (gcc 3.4.2) • libstdc++6 • GNOME™ 2.8.0+ or KDE 3.3+ libraries recommended • SUSE® 10, Red Hat® Enterprise Linux 4 WS or Fedora™ Core 3+

NOTE: Other versions of SMART Board software are available for UNIX® and Linux systems, as well as for earlier Windows and Macintosh operating systems.
